Mr. David Rogers  
Administrator  
Division of Medicaid  
Idaho Department of Health & Welfare  
P.O. Box 83720  
Boise, ID 83720-0036

Dear Mr. Rogers:

We are pleased to approve your request for the section 1115 demonstration authority needed to implement the Hurricane Katrina Multi-State section 1115 demonstration. The Medicaid demonstration is approved as Project Number 11-W-00199/0 and the State Children's Health Insurance Program (SCHIP) demonstration is approved as Project Number 21-W-00025/0. This demonstration is granted as we work to recover from one of the worst natural disasters in the history of the United States. The Centers for Medicare & Medicaid Services (CMS) has developed this section 1115 demonstration initiative to ensure the continuity of health care services for the victims of Hurricane Katrina.

The demonstration waivers and expenditure authorities outlined in this letter, and in the enclosed special terms and conditions (STCs), will assist the State of Idaho in providing Medicaid and SCHIP coverage for evacuees who have been displaced as a result of Hurricane Katrina. Additionally, this demonstration allows for the establishment of expedited Medicaid/SCHIP eligibility for new applicants in the time of a natural disaster who would now meet certain income eligibility standards as described in the simplified eligibility chart at attachment B. A period of eligibility for up to 5 months is provided for these eligibility groups, which are designated as evacuees under this demonstration.

Our approval of this demonstration (and the waivers and Federal matching provided thereunder) is conditioned upon compliance with the enclosed STCs, which set forth in detail the nature, character, and extent of anticipated Federal involvement in the project. In order to facilitate health care services for individuals displaced from their home States, we are not applying the usual Medicaid budget neutrality or SCHIP allotment neutrality requirements of section 1115 demonstration projects. The Department agrees that individuals participating in the waiver are presumed to be otherwise eligible for Medicaid or SCHIP in their respective home State, and costs to the Federal Government would have otherwise been incurred and allowable.

The award is subject to our receiving written acceptance of this award within 30 days of the date of this approval letter.

The demonstration population consists of evacuees. "Evacuee" refers to an individual who is a resident of the emergency area affected by a national disaster as declared by the President of the United States pursuant to the National Emergencies Act or by the Robert T. Stafford Disaster Relief and Emergency Assistance Act, and has been displaced from his or her home State, and is not a non-qualified alien.

Under the demonstration, Idaho will provide services through its programs to evacuees who fit into the demonstration population consisting of parents, pregnant women, children under age 19, individuals with disabilities, low-income Medicare recipients, and low-income individuals in need of long-term care with incomes up to and including the levels listed on the enclosed simplified eligibility chart.

Idaho shall track each "evacuee" in its computer system in order to capture the displaced individuals for reporting purposes. Under the authority of section 1115(a)(1) of the Social Security Act (the Act), the following waivers of Medicaid and SCHIP State plan requirements contained in sections 1902, 2105, and 2108 of the Act are granted to enable Idaho to carry out this section 1115 demonstration through this period.
